

Covenant Nursery School

January 2012 Newsletter

Three Year Old Class

January Themes

January will be a busy month for us. The first week our theme will be winter. We will talk about signs of winter & build a snowman. The next two weeks we will be learning about shapes: circle, triangle and square. We will end the month with an animal theme, which will continue into February.

Show & Tell Days

Show & tell will take place three times this month. Please be sure that the item your child chooses fits inside their schoolbag.

Jan. 05/06 - SNT the color white

Jan. 19/20 - SNT a shape

Jan. 26/27 - SNT a pet (picture of or stuffed)

Registration for Next Year

Registration for the coming school year will begin the week of January 9th. Please make your first and second choices on the form you will receive and return it to your child's teacher as soon as possible. Classes will fill in the order in which they are received. Classes will be open to the public on February 1st.

Toys At School

After Christmas children may want to bring favorite toys to school, however, we would appreciate your cooperation in not allowing this to happen. Our toys and activities are designed to be teaching tools. The problem of sharing a toy from home can cause arguments, breakage or misplaced pieces.

Cold Weather Reminders

Please be careful in the parking lot. We have it plowed but ice may remain. If you see the sidewalk needs cleared, we would appreciate your help especially before dismissal. We have the walks cleared before school starts, but if snow falls during class we cannot get there to remove. The snow shovels should be by the lobby doors. Please help yourself! In the event of school closings due to snow, remember we follow Highland Schools. If there is a "delayed start" to Highland Schools we still have school. You may also call the school for a message on the voice mail beginning at 7:00 AM.
